Windows Doors Ezi

Hurricane protection is just the beginning. With over three million units installed and no reported impact failures, WinGuard® Impact-Resistant Windows from PGT meet the most stringent code requirements for hurricane-force winds and flying debris. But WinGuard does so much more for your home, your family and your belongings. These custom windows help provide year-round security against thieves and intruders, dramatically reduce outdoor noise and filter out 99% of the UV light that enters your home and causes fading. When combined with our insulating glass you have energy efficient windows that can significantly reduce cooling and heating costs. More homeowners have chosen WinGuard® to protect their homes than any other brand. It's continuous, 24/7 protection – without having to think twice.

- Versatile window with a left or right horizontally rolling sash
- A wide range of styles and sizes including XOX, a left and right moving sash with a fixed center panel. Ideal for very large openings
- Removable operating sash for easy cleaning
- Egress connector bar option for egress and/or handicap requirements
- Removable operating sash for easy cleaning
- Low friction brass tandem rollers in a nylon housing for smooth operation and durability
- Integral pulls on sash stiles for ease of opening
- Optional laminated insulating glass available
- Standard and custom muntin patterns available
